PRODUCT RANGE 2021

minelli replica

DEDICATED TO OUR HEROES

Firearms are part of our history.

Some have been used in war to guarantee freedom for people. Others are a symbol of human intelligence. Minelli wants to dedicate a collection of wooden stocks and gun grips to these iconic objects: perfect representations of the originals to keep alive this precious heritage. Specific walnut and laminated woods, oil treatment, along with innovative finishes and traditional methods, guarantee accurate reproduction of your stocks and grips to preserve the prestige of these firearms.

ESFABRIK

Springfield 1903

A1-A3-SPORTER

- military replica wooden stock
- walnut
- oil and wax original “military” finishing
- handguard included
- metal part not included

• **SKU 2MIL001V01**

This bolt-action rifle was adopted by the U.S. Army in 1903. Officially used in World War I, it was replaced in 1936 by the M1 Garand, but it was also used in World War II, the Korean War, and the Vietnam War. Today, it is still used in shooting competition and is a favorite with collectors.

M1 Garant

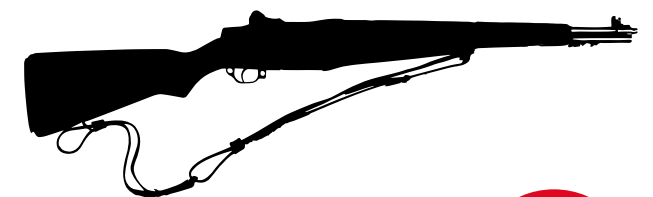

CALIBER .30M1

- military replica wooden stock
- walnut
- oil and wax original “military” finishing
- handguard included
- metal part not included

• **SKU 2MIL002V01**

Designed by John Garand, the M1 G was the first semi-automatic military rifle. It was issued in 1936 and became standard in the U.S. military. General George Patton said it was “the greatest battle implement ever devised.” Today, the M1 Garand is still collected by passionate rifle collectors.

M1 Carbine

1942 PRODUCTION KIT

- military replica wooden stock
- walnut
- oil and wax original "military" finishing
- handguard included
- metal part not included

• **SKU 2MIL007V01**

From 1942 to 1973, the M1 Carbine was the standard firearms for the U.S. military. This lightweight and easy rifle was produced in several variants and used by paramilitary and police forces as well. M1 Carbine is still very popular as civilian firearm all around the world.

M1A1 Paratrooper

THE FOLDING STOCK

- military replica wooden stock
- walnut
- oil and wax original "military" finishing
- grip & handguard included
- metal part not included

• **SKU 2MIL006V01**

The Paratrooper is a lighter and more powerful version of the M1 Carabine expressly requested by the American Air Arms troops. This firearm was used during the Vietnam and South Korea wars. Today, many U.S. Air Force battalions use the M1A1 Para as service weapon or for training. This light carbine is an icon than cannot miss in the house of every collector.

M14

1959 PRODUCTION SET

- military replica wooden stock
- walnut
- oil and wax original "military" finishing
- handguard included
- metal part not included

• **SKU 2MIL005V01**

The M14 replaced the M1 Garand. The U.S. Army was using it by 1959 and continued until 1965, being the last American battle rifle produced. It fires caliber 7.62 NATO. The M14 and its several variations are still very popular today and used as ceremonial weapons by honor guards. Civilian semi-automatic models are used for hunting, shooting, and in various competitions.

K98k

MAUSER KURZ

- military replica wooden stock
- walnut or original birch laminated
- oil and wax original "military" finishing
- handguard included
- metal part not included
- **SKU 2MIL004V01 Walnut**
- **SKU 2MIL004V03 Laminated**

The bolt-action 7.92 Mauser was the official rifle used by the German Wehrmacht during World War II. It can be found all around the world today, and poor countries often use it to maintain control over their territory. Collectors and shooters own many of these guns.

AK 47

ASSAULT RIFLE

- military replica wooden stock
- walnut set / beech set / original birch laminated color set
- varnish finishing
- metal part not included
- **SKU 2MIL003V01 Walnut oiled**
- **SKU 2MIL003V02 Beech varnish**
- **SKU 2MIL003V03 Laminated Dark Birch**
- **SKU 2MIL003V04 Laminated Natural Birch**

The AK-47 (Avtomat Kalashnikova) was developed by Mikhail Kalashnikov as an assault rifle. It was introduced in 1946 and officially adopted by the armed forces of the Soviet Union. Today, it is the most common rifle in the world, with more than 100 million units worldwide.

Colt M1911

PISTOL

- wooden pistol grip set
- walnut: diamond checkering
- laminated rosewood color: stippling checkering
- coating oil and varnish finishing / double coating of oil
- logo available on demand
- metal part not included

- **SKU 2MIL010V01.Set Walnut oiled**
- **SKU 2MIL010V02.Set Laminated varnish**

The M1911 was used by the armed forces of the United States from 1911 to 1986, with 2.7 million being produced. It is the most popular pistol with civilian shooters and collectors.

Colt 1917

REVOLVER

- wooden pistol grip set
- walnut
- coating oil and varnish
- diamond checkering on demand / logo available on demand
- metal part included

• **SKU 2MIL009V01.Set**

Developed by Colt in 1898, this revolver completed the pistol set of the M1911 during World War I. The Colt 1917 was very popular with civilian shooters and is still a collector's item today.

Walther P38

HISTORICAL WEAPON

- wooden pistol grip set
- walnut
- varnish finishing
- stripe pattern
- metal part included

• **SKU 2MIL008V01.Set**

This weapon was used by Wehrmacht troops in Germany during World War II to replace the Luger 08. The armies of several other countries also used the Walther P38, and it became a landmark pistol for the armed forces of West Germany. It was designed by Carl Walther in 1938 and is recognized today as a "historical weapon" by European collectors.
